

# OUTRIGHT STANDARD IN BARIATRIC SEATING

## 3156HR BARIATRIC OPERATOR

Introducing a trailblazing advancement in bariatric seating. Engineered to handle double the standard weight capacity of the ANSI/BIFMA X.511 bariatric standard (800lb). This chair is not just bigger and wider, but engineered from the ground up to be the new outright standard in bariatric seating.

### — KEY — POINTS

#### **ERGO AIR SUSPENSION SYSTEM™**

Our Ergo Air Suspension (EAS<sup>2</sup>) dissipates the occupant's weight over the entire chair surface improving blood flow and increasing oxygen levels to tissues. Improved blood flow and increased oxygen levels improves concentration and productivity and decreases fatigue. EAS<sup>2</sup> conforms to the shape of each occupant, as it almost instantly bounces back to original shape when weight is lifted. No springs eliminates the chances of squeaky or flattened springs.

**REPLACEABLE COVERS** - Covers can wear, but our frames are virtually indestructible. Bring back that 'brand new' look in minutes even after years of 24/7 service. Covers can be held on by hook-and-loop and can be replaced in a matter of minutes. Back rest requires a screw driver.

**SAFETY CASTERS** - Smooth dual wheel design with spring action not to roll away unless there is weight in the chair. Dual connection point eliminates rattle for a smooth roll.

**ALL STEEL FRAME** - Ten gauge steel maintains original tensile strength and rigidity over years of 24/7 heavy duty use.

**BARIATRIC ARMREST** - Made from 5/16" steel, these heavy duty arms are adjustable in height and width.

**WARRANTY** - The best warranty you'll never need. Chair is covered by a 6 year parts only warranty that includes all normal wear and tear. Chair is covered by a 10 year warranty that includes all manufacturing defects in materials and/or workmanship. Weight limit is 800 lb in a multi-shift environment.

# 3156HR BARIATRIC OPERATOR

SEAT PAN DEPTH	19.5" (ADJUSTABLE TO 21.5")
SEAT PAN WIDTH	26.5"
BACK HEIGHT - TO TOP OF CHAIR BACK	23"
BACK HEIGHT - TO TOP OF HEADREST	26.5"-31.25"
ARM HEIGHT ADJUSTMENT RANGE	3 POSITIONS (5", 5.5", 6" TOP OF SEAT TO ARMREST)
